EXPERIENCE

Full-Time Employment

Vestil Manufacturing Company, Angola, Indiana

01/2021-Present

Videographer

- Create, upload, and manage Vestil's YouTube content
- Film, assemble, and operate a variety of Vestil products in demonstration videos
- Edit and compile footage for videos to be used internally and externally
- Manage and operate live streams for corporate presentations using OBS to strengthen business partner relations
- Develop scripts according to Vestil's product and marketing data
- Collaborate with the Data Management Department to automate and organize video distribution process

As the videographer in charge of video production, I engage in all aspects of video production, including shooting, editing, and sound design. I rely on a range of tools, including OBS for live streaming, Adobe Premiere, After Effects, Audition, and a Sony A7SIII camera. I am comfortable in both studio and field settings, as different projects require different shooting environments. My goal is to produce high-quality videos that highlight the company's products and services.
